

A Tale of Two Cities
Worcester - UK & USA
Call & Response - *a poetry reading*

Friday, September 28, 2018

The Sprinkler Factory
38 Harlow Street, Worcester

Between December 2017 and March 2018 forty-seven poets in the US and UK worked together on a cross-Atlantic poetry project. The idea was to link together poets from the Worcester County Poetry Association and from Worcestershire, UK. Poets were paired up, exchanged poems, and wrote a response poem to the one received. The original and resulting poems were combined in a special edition of the online publication, *Contour Poetry Magazine*.

At the reading many of the US participants in the project will read their work, and the response from their UK partner.

Suggested donation - \$10
